### Questions

1. What is your name and program of study at Syracuse?  
(*Optional: provide your pronouns, if you wish.*)
2. What is your prior experience with statistics and data analysis?
3. What are you hoping to get out of this class?
4. Please include a picture of yourself!
  - It can be anything – just make sure that you are the only person in the picture so I can clearly identify you.
